## **Salzgitter Mannesmann Steel Trade, Your System Supplier for Sprinkler Installations**

### **New powder coating system, pipes and pipe prefabrication with powder coated surface:**

To extend our pipe prefabrication facility we have taken a new powder coating system into operation at the Hannover site. From now on we can supply powder coated steel pipes from the depots in Hannover and Mannheim:

- in the diameter range DN 20 (21.3 mm) – DN 250 (273.0 mm)
- in pipe lengths 3 m – 8 m
- in colours RAL 3000 (red) & RAL 9010 (white)

You can contact us as follows: Christian Schild  
Tel.: +49 511 6700-126  
Fax: +49 511 6700-143  
christian.schild@szmh-group.com

### **A new groove coupling system (Gr8lok), couplings and moulded parts in all versions:**

To complement our VIROTEC® components we supply a comprehensive range of Groove couplings, Grooved fittings and Mechanical tee at attractive prices from the depot in Hannover:

- consisting of Pipe coupling (rigid/flexible), Reduction coupling, Elbow (90°/45°/22,5°), Tee, Cross, Flange adapter, Reducer, Cap, Mechanical tee (groove/thread)
- in surfaces RAL 3000 painted red or galvanized
- in the measurements DN 32 (42.2 mm) – DN 250 (273.0 mm)
- certified by VdS, FM, LPCB, UL/ULC

You can contact us as follows: System VIROTEC  
Tel.: +49 511 515150-0  
Fax: +49 511 515150-50
